

APICS CSCP PROGRAM

VALUE OF TRAINING

Unlock the full potential of your supply chain

As worldwide competition increases, operations and supply chain professionals hold the key to achieving their business objectives. APICS CSCP training can help your company enhance, communicate and implement critical supply chain strategies that maximize profits and growth.

Here's what the APICS CSCP program can do for your company and what APICS CSCP designees have to say about how the program affected their companies:

Align supply chain strategies with business objectives

"The APICS CSCP program provides a good framework to tackle operational and tactical issues in my day-to-day operational responsibilities. On a higher level, my CSCP certification provides a strong foundation to help me improve on the more strategic objectives to impact my division's overall business."

**Danny Raymakers, CPIM, CSCP, Director Supply Chain Management—Clinical Studies
Johnson & Johnson Pharmaceutical Research and Development**

Increase customer satisfaction and bottom-line results

"With the knowledge I gained from the APICS CSCP course, I was able to help Yokohama Tire realize about a 20% reduction in consumer inventory while still maintaining our high customer standards."

**Michael Morris, CSCP, Senior Forecaster
Yokohama Tire**

Improve performance through logistics, technology and data integration

"The APICS CSCP program has helped me understand the complexities of global supply chain and break it down into parts that can be improved or designed. As an IT professional, the APICS CSCP has also enabled me to work together alongside supply chain professionals to successfully implement supply chain IT solutions."

**John Jacob, CSCP, PMP, Senior Business Analyst—IT
Avery Dennison**

Effectively manage supplier and customer relationships

"Now that I have the background from the APICS CSCP Learning System, I am more comfortable dealing with day-to-day operations, coworkers and vendors. I can speak and understand the language my logistics suppliers use. By telling them I'm an APICS CSCP designee, they know I'm knowledgeable."

**David Kesinger, CSCP, Logistics Coordinator
ELESYS North America**

Create a common framework to address your company's unique supply chain challenges and opportunities

"The program has benefited LG Electronics management in increased supply chain knowledge and expertise and improved communication and information sharing across departments."

**Guillermo Juvera, CPIM, CSCP, Director of Supply Chain
LG Electronics USA**

APICS CSCP PROGRAM

Professional Development and Certification Exam Preparation

The APICS CSCP Learning System

The APICS CSCP Learning System is a professional development and certification exam preparation tool. Based on the current APICS CSCP Exam Content Manual, this comprehensive training program combines print materials with interactive web-based study tools to provide a customized learning experience for your audience.

Print Materials

Three print modules with approximately 1,000 pages of content covering:

- 1 Fundamentals of Supply Chain Management
- 2 Supply Chain Strategy, Design and Compliance
- 3 Implementation and Operations

Interactive Web-based Study Tools

- **Pretest** to determine knowledge level and prepare a study plan
- **Module and section-specific tests** offer immediate feedback
- Test bank of more than **900 questions**
- A timed **posttest** to determine progress
- **eFlashcards** test knowledge of relevant industry terms and definitions
- A web-based **glossary**
- Access to the **Resource Center** offering test-taking tips, feedback feature, complimentary download of the **APICS CSCP Exam Content Manual** and links to valuable resources
- **Mobile access** to study tools and resources

Certification

The APICS CSCP designation is earned by passing one certification exam. You must fulfill **ONE** of the following exam eligibility requirements:

- 5 years of related business experience, OR
- APICS CPIM, APICS CFPIM, APICS CIRM, C.P.M. and two years of related business experience, OR
- Bachelor's degree or equivalent and two years of related business experience.
